The Curriculum Library is located on Level 4 of Jenks Library in J428. The library is a resource center for the Education Division and is used most extensively by students preparing for teaching careers. Picture/Juvenile books are located in the Curriculum Library.

The Picture/Juvenile collection contains fiction and non-fiction books written for readers pre-school through grade 12, arranged by Library of Congress call numbers. Juvenile literature (PN-PZ) is separated into picture books and chapter books and is located on the long wall on your right as you enter the Curriculum Library from the hallway. Juvenile non-fiction picture and chapter books are not separated and they are located on the wall to your left as you enter the room.

The Curriculum Library Collection, in the center of the room, contains classroom resources in particular content areas, such as language arts, math, science, physical education, and social studies.

Tests are organized by type or subject (Achievement, Diagnostic, Intelligence, Language Arts, etc.), then by name, publisher, and date. Tests are located in the Periodicals Office and are available Monday – Friday, 8:00 am-4:30 pm. Tests may also be requested from the Reference Desk Sunday-Thursday, 6:00 pm-10:00 pm during Fall and Spring semesters. Only students currently enrolled in certain courses may use tests. Tests may not be reproduced by any means without permission in writing from the publisher.

All material in the Curriculum Library is searchable in the online catalog by title, subject, author, key word, etc. Most of the picture and juvenile books covering a topic (mathematics, science, Christmas, etc.) can be found in the online catalog by adding the word “juvenile” to a keyword search for the topic term.

Curriculum Library material may be checked out only by Gordon faculty, staff and students. The check out period is 7 days with one renewal. Curriculum Library material is fined 50 cents per day overdue and is subject to the same recall policies as other library material. Tests circulate only to students currently enrolled in certain courses.
CALL NUMBERS

The following is a list of the subject and subdivisions used in Curriculum Library call numbers:

REFERENCE (Ref)
