

La Vida ATC Reservations

Use of La Vida's Activity and Training Center is secured by requesting the space through 25Live. For non-Gordon groups, please fill out the registration form at: www.gordon.edu/lavida/meetingspace. The room holds up to 100 people and has a full kitchen and 3 bathrooms in the hallway. The goal of this document is to ensure proper use of the room and make sure those groups that follow another group don't have to spend extra time cleaning in preparation for their event. La Vida has priority use of the ATC. In the event of inclement weather, our La Vida programs may need to use the indoor space. If this happens, you will be contacted as soon as possible to find another meeting space. **It is your responsibility to read this document entirely so you are aware of your responsibility of the space.**

Access:

- Reservations must be made a minimum of 1 week in advance and must include a budget number in the comments. Reservations are only approved two weeks in advance if there is no La Vida programming scheduled. Once your reservation is approved in 25Live, Gordon Police schedules the doors to be unlocked from the set up and tear down time you note on the reservation. Do not prop doors open.

Cleaning:

- Please follow the checklist to complete all cleaning of the space after your event.

Parking:

- The ATC shares the same parking lot as the Center for Mobility, Balance and Wellness. If your meeting is over 20 people you may need special permission from Gordon Police.

Setup:

- You are responsible for setup and teardown. There are 5 six foot tables, 3 eight foot tables and 60 chairs in the ATC. If you require more, contact physical plant and put in a work order. Please return tables and chairs against the wall in the corner nearest the track.

Storage Closet:

- Only La Vida groups will have access to the items stored in the closet.

Furnishings:

- During the winter season, be mindful of not tracking snow and salt in by wiping your shoes or taking shoes off at the front door.
 - No cleats in the building and no use of balls or equipment that may damage the floor, walls, furnishings, etc.
- Treat the couches, tables, chairs, etc. with the same care you would at home.
- Due to carpet damage, the couches, armchairs and tables may not be moved to other locations in the room.
- If there is a spill on a couch or chair, clean it up ASAP with proper cleaners found under the sink.

Dishes:

- Groups may use dishes, glasses, pots, utensils, etc.

Carpet:

- If there is a spill, use the carpet stain cleaner to get the stain out before it sets in. Supplies are under the sink.

Heat:

- Heat is controlled by Physical Plant. If you need it adjusted, please call them at 978-867-4302. To turn off the fan push stop on the thermostat.

If you have any questions during your event, please call Amber Hausman's cell at 623.512.2394.

Thank you for your help with these efforts to keep the space clean and available for others to enjoy!
